December 3, 2012

An act to amend Section 5024.6 of, and to add Section 5029.6 to, the Public Resources Code, relating to historical resources.

LEGISLATIVE COUNSEL'S DIGEST

AB 34, as amended, Roger Hernández. State historical resources.

Existing law establishes the State Historical Resources Commission and the California Register of Historical Resources. Existing law requires the Department of Parks and Recreation to consider all recommendations for registration made by the commission, and requires the department to register, as state historical landmarks, those buildings, structures, sites, or places that the department deems to be important historical resources.

Existing law authorizes a resource to be nominated for listing as a historical resource in the California Register of Historic Resources in accordance with specified nominating procedures. Existing law establishes the State Office of Historic Preservation and requires the

office to perform certain duties, including recommending properties of historical significance for nomination by the commission for, among other things, listing in the California Register of Historic Resources.

This bill would require the office to educate the public on the process required to nominate a resource for listing in the California Register of Historic Resources, as provided. The bill would also require the office, by January 1, 2015, to identify at least 5 resources for potential inclusion in the California Register of Historic Resources that are associated with the labor and civil rights movements or California's modern history, as defined, and recommend to the commission that these resources be nominated for inclusion in the California Register of Historic Resources.

This bill would require the land known as Nuestra Señora Reina de La Paz, which includes the home and burial site of the late Cesar Chavez, to be registered as a state historical landmark.

This bill would make legislative findings and declarations as to the necessity of a special statute.

Vote: majority. Appropriation: no. Fiscal committee: yes.
State-mandated local program: no.
